

es.deusto.spq.gui.Payment
Window.PaymentWindow

es.deusto.spq.OrderTest.test
SetGetProducts

es.deusto.spq.Order.getProducts

```
graph LR; A[es.deusto.spq.gui.PaymentWindow.PaymentWindow] --> C[es.deusto.spq.Order.getProducts]; B[es.deusto.spq.OrderTest.testSetGetProducts] --> C;
```

The diagram illustrates a dependency or relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'es.deusto.spq.gui.PaymentWindow.PaymentWindow' and the bottom box contains 'es.deusto.spq.OrderTest.testSetGetProducts'. On the right, there is a single gray rectangular box with a black border containing the text 'es.deusto.spq.Order.getProducts'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both the PaymentWindow and the OrderTest.testSetGetProducts methods depend on or call the Order.getProducts method.
